Documents will be accepted for filing on all regular workdays from 8:00 a.m. until 5:00 p.m. We encourage early filings to facilitate the timely publication of the *Missouri Register*. Orders of Rulemaking appearing in the *Missouri Register* will be published in the *Code of State Regulations* and become effective as listed in the chart above. Advance notice of large volume filings will facilitate their timely publication. We reserve the right to change the schedule due to special circumstances. Please check the latest publication to verify that no changes have been made in this schedule. To review the entire year's schedule, please see the website at sos.mo.gov/adrules/pubsched.

HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3 Department	<i>Code of State Regulations</i>	10- Agency division	4 General area regulated	115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo.

EXECUTIVE ORDER 26-08

WHEREAS, I have been advised by the State Emergency Management Agency that the ongoing and forecast severe storm systems have caused, or have the potential to cause, damages associated with tornados, straight line winds, large hail, heavy rains, flooding and flash flooding affecting communities throughout the State of Missouri; and

WHEREAS, interruptions of public services are occurring, or anticipated to occur, as a result of the severe weather event starting on March 5, 2026, and continuing; and

WHEREAS, the severe storm systems beginning on March 5, 2026, and continuing, have the potential to create a condition of distress and hazard to the safety, welfare, and property of the people of the State of Missouri beyond the capabilities of some local jurisdictions and other established agencies; and

WHEREAS, the State of Missouri will continue to be proactive where the health and safety of the people of Missouri are concerned; and

WHEREAS, the resources of the State of Missouri may be needed to assist affected jurisdictions and to help relieve the condition of distress and hazard to the safety and welfare of our fellow Missourians; and

WHEREAS, invoking the provisions of Sections 44.100 and 44.110, RSMo, is required to ensure the protection of the safety and welfare of the people of Missouri.

NOW, THEREFORE, I, MIKE KEHOE, GOVERNOR OF THE STATE OF MISSOURI by virtue of the authority vested in me by the Constitution and the laws of the State of Missouri, including sections 44.100 and 44.110, RSMo, do hereby declare that a State of Emergency exists in the State of Missouri and direct the Missouri State Emergency Operations Plan be activated.

I further authorize and direct state agencies to provide assistance as needed.

This Order shall terminate on April 5, 2026, unless extended in whole or in part.

ATTEST:

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 5th day of March, 2026.

MIKE KEHOE
GOVERNOR

DENNY HOSKINS
SECRETARY OF STATE

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

TITLE 10 – DEPARTMENT OF NATURAL RESOURCES
Division 10 – Air Conservation Commission
Chapter 6 – Air Quality Standards, Definitions,
Sampling and Reference Methods and Air
Pollution Control Regulations for the Entire State of
Missouri

PROPOSED AMENDMENT

10 CSR 10-6.070 New Source Performance Regulations. The commission is amending subsection (3)(A) and subsection (3)(B). If the commission adopts this rule action, the department intends to advise the U.S. Environmental Protection Agency that we will accept delegation of enforcement authority for these federal regulations. The evidence supporting the need for this proposed rulemaking is available for viewing at the Missouri Department of Natural Resources' Air Pollution Control Program at the address listed in the Notice of Public

Hearing at the end of this rule. More information concerning this rulemaking can be found at the Missouri Department of Natural Resources' Proposed Rules website at <https://apps5.mo.gov/proposed-rules/welcome.action#OPEN>.

PURPOSE: This amendment incorporates by reference new emission standards, updates, and clarifications to federal rule 40 CFR 60 that were promulgated from July 2, 2024, through July 1, 2025. The evidence supporting the need for this proposed amendment, per 536.016, RSMo, is the Title V Operating Permit Program requirements, 40 CFR 70, and State/EPA Workplan.

(3) General Provisions.

(A) Incorporations by Reference.

1. The provisions of 40 CFR 60, promulgated as of July 1, [2024] 2025, are hereby incorporated by reference in this rule, as published by the Office of the Federal Register. Copies can be obtained from the U.S. Government Publishing Office at [https://www.ecfr.gov/on/\[2024\]2025-07-01/title-40/chapter-I/subchapter-C/part-60?toc=1](https://www.ecfr.gov/on/[2024]2025-07-01/title-40/chapter-I/subchapter-C/part-60?toc=1) or for mail orders, print and fill out an order form online at https://bookstore.gpo.gov/sites/default/files/uploads/15-091_publication_and_subscription_order_form.pdf and mail to U.S. Government Publishing Office, PO Box 979050, St. Louis, MO 63197-9000. This rule does not incorporate any subsequent amendments or additions.

2. Exceptions to paragraph (3)(A)1. of this rule are –

A. Those provisions which are not delegable by the U.S. Environmental Protection Agency (EPA);

B. Sections 60.4, 60.9, and 60.10 of subpart A;

C. Subpart B;

D. Subpart AAA;

E. Subpart QQQQ; and

F. Incinerators subject to Hazardous Waste Management Commission rule 40 CFR 264, subpart O, as incorporated in 10 CSR 25-7.264, are not subject to this rule. The sources exempted in 40 CFR 264.340(b), as incorporated in 10 CSR 25-7.264, are subject to this rule. All other applicable requirements of Division 25 remain in effect.

(B) The subparts of 40 CFR 60 incorporated by reference in subsection (3)(A) of this rule are –

AUTHORITY: section 643.050, RSMo Supp. [2024]2025. Original rule filed Dec. 10, 1979, effective April 11, 1980. For intervening history, please consult the **Code of State Regulations**. Amended: Filed March 3, 2026.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate. The private entity fiscal cost impacts for compliance with the federal standards are accounted for in the federal rulemakings.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed amendment will begin at 9 a.m., May 28, 2026. The public hearing will be held at the Elm Street Conference Center, 1730 East Elm Street, Lower Level, Bennett Springs Conference Room, Jefferson City, MO, and online with live video conferencing during the Missouri Air Conservation Commission meeting. Meeting participants can join the video meeting via <https://dnr.mo.gov/calendar/event/294791>. Participants may also join the meeting by phone using the toll number 1 (650) 479-3207. For assistance joining the meeting, call the Missouri Department of Natural Resources' Air Pollution Control Program at (573) 751-4817 or (800) 361-4827. A recording of the public hearing meeting will be available at <https://dnr.mo.gov/commissions-boards-councils/air-conservation-commission>. Opportunity to be sworn in by the court reporter in person, over video, or by phone to give testimony at the hearing shall be afforded to any interested person. Interested persons, whether or not heard, may submit a statement of their views until June 4, 2026. Send online comments via the proposed rules web page at <https://apps5.mo.gov/proposed-rules/welcome.action#OPEN>, email comments to apcprulespn@dnr.mo.gov, or mail written comments to Chief, Air Quality Planning Section, Missouri Department of Natural Resources' Air Pollution Control Program, PO Box 176, Jefferson City, MO 65102-0176.

TITLE 10 – DEPARTMENT OF NATURAL RESOURCES
Division 10 – Air Conservation Commission
Chapter 6 – Air Quality Standards, Definitions,
Sampling and Reference Methods and Air
Pollution Control Regulations for the Entire State of
Missouri

PROPOSED AMENDMENT

10 CSR 10-6.075 Maximum Achievable Control Technology Regulations. The commission is amending subsection (3)(A) and subsection (3)(B). If the commission adopts this rule action,

the department intends to advise the U.S. Environmental Protection Agency that we will accept delegation of enforcement authority for these federal regulations. The evidence supporting the need for this proposed rulemaking is available for viewing at the Missouri Department of Natural Resources' Air Pollution Control Program at the address listed in the Notice of Public Hearing at the end of this rule. More information concerning this rulemaking can be found at the Missouri Department of Natural Resources' Proposed Rules website at <https://apps5.mo.gov/proposed-rules/welcome.action#OPEN>.

PURPOSE: This amendment incorporates by reference new emission standards, updates, and clarifications to federal rule 40 CFR 63 that were promulgated from July 2, 2024, through July 1, 2025. The evidence supporting the need for this proposed amendment, per 536.016, RSMo, is the Title V Operating Permit Program requirements, 40 CFR 70, and State/EPA Workplan.

(3) General Provisions.

(A) Incorporations by Reference.

1. The provisions of 40 CFR 63, promulgated as of July 1, [2024]2025, are hereby incorporated by reference in this rule, as published by the Office of the Federal Register. Copies can be obtained from the U.S. Government Publishing Office at [https://www.ecfr.gov/on/\[2024\]2025-07-01/title-40/chapter-I/subchapter-C/part-63?toc=1](https://www.ecfr.gov/on/[2024]2025-07-01/title-40/chapter-I/subchapter-C/part-63?toc=1) or for mail orders, print and fill out an order form online at https://bookstore.gpo.gov/sites/default/files/uploads/15-091_publication_and_subscription_order_form.pdf and mail to U.S. Government Publishing Office, PO Box 979050, St. Louis, MO 63197-9000. This rule does not incorporate any subsequent amendments or additions.

2. Exceptions to paragraph (3)(A)1. of this rule are –

A. Those provisions which are not delegable by the United States Environmental Protection Agency (EPA); and

B. Sections 63.13 and 63.15(a)(2) of subpart A.

(B) The Missouri Department of Natural Resources (MoDNR) maintains authority for implementation of all standards incorporated by reference in subsection (3)(A) of this rule. The table below lists the subparts of 40 CFR 63 incorporated by reference in subsection (3)(A) of this rule, including the primary agency responsible for enforcement of the standard:

Subpart	Title	Primary Regulating Agency
F	National Emission Standards for <i>[Organic]</i> Hazardous Air Pollutants From the Synthetic Organic Chemical Manufacturing Industry	MoDNR
G	National Emission Standards for <i>[Organic]</i> Hazardous Air Pollutants From the Synthetic Organic Chemical Manufacturing Industry for Process Vents, Storage Vessels, Transfer Operations, and Wastewater	MoDNR
H	National Emission Standards for <i>[Organic]</i> Hazardous Air Pollutants for Equipment Leaks and Fenceline Monitoring for All Emission Sources	MoDNR
I	National Emission Standards for <i>[Organic]</i> Hazardous Air Pollutants for Certain Processes Subject to the Negotiated Regulation for Equipment Leaks	MoDNR
J	National Emission Standards for Hazardous Air Pollutants for Polyvinyl Chloride and Copolymers Production	MoDNR
L	National Emission Standards for Coke Oven Batteries	MoDNR
M	National Perchloroethylene Air Emission Standards for Dry Cleaning Facilities	MoDNR
N	National Emission Standards for Chromium Emissions From Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks	MoDNR
O	Ethylene Oxide Emissions Standards for Sterilization Facilities	MoDNR
Q	National Emission Standards for Hazardous Air Pollutants for Industrial Process Cooling Towers	MoDNR
R	National Emission Standards for Gasoline Distribution Facilities (Bulk Gasoline Terminals and Pipeline Breakout Stations)	MoDNR
S	National Emission Standards for Hazardous Air Pollutants from the Pulp and Paper Industry	MoDNR
T	National Emission Standards for Halogenated Solvent Cleaning	MoDNR
U	National Emission Standards for Hazardous Air Pollutant Emissions: Group I Polymers and Resins	MoDNR
W	National Emission Standards for Hazardous Air Pollutants for Epoxy Resins Production and Non-Nylon Polyamides Production	MoDNR
X	National Emission Standards for Hazardous Air Pollutants From Secondary Lead Smelting	MoDNR
Y	National Emission Standards for Marine Tank Vessel Loading Operations	MoDNR
AA	National Emission Standards for Hazardous Air Pollutants from Phosphoric Acid Manufacturing Plants	MoDNR
BB	National Emission Standards for Hazardous Air Pollutants from Phosphate Fertilizers Production Plants	MoDNR
CC	National Emission Standards for Hazardous Air Pollutants From Petroleum Refineries	MoDNR
DD	National Emission Standards for Hazardous Air Pollutants from Off-Site Waste and Recovery Operations	MoDNR
EE	National Emission Standards for Magnetic Tape Manufacturing Operations	MoDNR
GG	National Emission Standards for Aerospace Manufacturing and Rework Facilities	MoDNR
HH	National Emission Standards for Hazardous Air Pollutants From Oil and Natural Gas Production Facilities	MoDNR
II	National Emission Standards for Shipbuilding and Ship Repair (Surface Coating)	MoDNR
JJ	National Emission Standards for Wood Furniture Manufacturing Operations	MoDNR
KK	National Emission Standards for the Printing and Publishing Industry	MoDNR
LL	National Emission Standards for Hazardous Air Pollutants for Primary Aluminum Reduction Plants	MoDNR
MM	National Emission Standards for Hazardous Air Pollutants for Chemical Recovery Combustion Sources at Kraft, Soda, Sulfite, and Stand-Alone Semichemical Pulp Mills	MoDNR
NN	National Emission Standards for Hazardous Air Pollutants for Wool Fiberglass Manufacturing at Area Sources	EPA

TITLE 10 – DEPARTMENT OF NATURAL RESOURCES
Division 10 – Air Conservation Commission
Chapter 6 – Air Quality Standards, Definitions,
Sampling and Reference Methods and Air
Pollution Control Regulations for the Entire State of
Missouri

PROPOSED AMENDMENT

10 CSR 10-6.080 Emission Standards for Hazardous Air Pollutants. The commission is amending subsection (3)(A). If the commission adopts this rule action, the department intends to advise the U.S. Environmental Protection Agency

that we will accept delegation of enforcement authority for these federal regulations. The evidence supporting the need for this proposed rulemaking is available for viewing at the Missouri Department of Natural Resources' Air Pollution Control Program at the address listed in the Notice of Public Hearing at the end of this rule. More information concerning this rulemaking can be found at the Missouri Department of Natural Resources' Proposed Rules website at <https://apps5.mo.gov/proposed-rules/welcome.action#OPEN>.

PURPOSE: This amendment incorporates by reference new emission standards, updates, and clarifications to federal rule 40 CFR 61 that were promulgated from July 2, 2024, through July 1, 2025. The evidence supporting the need for this proposed rulemaking, per 536.016, RSMo, is the Title V Operating Permit Program requirements, 40 CFR 70, and State/EPA Workplan.

(3) General Provisions.

(A) Incorporations by Reference.

1. The provisions of 40 CFR 61 promulgated as of July 1, [2024] 2025, are hereby incorporated by reference in this rule, as published by the Office of the Federal Register. Copies can be obtained from the U.S. Government Publishing Office at [https://www.ecfr.gov/on/\[2024\]2025-07-01/title-40/chapter-I/subchapter-C/part-61?toc=1](https://www.ecfr.gov/on/[2024]2025-07-01/title-40/chapter-I/subchapter-C/part-61?toc=1) or for mail orders, print and fill out an order form online at https://bookstore.gpo.gov/sites/default/files/uploads/15-091_publication_and_subscription_order_form.pdf and mail to U.S. Government Publishing Office, PO Box 979050, St. Louis, MO 63197-9000. This rule does not incorporate any subsequent amendments or additions.

2. Exceptions to paragraph (3)(A)1. of this rule are –

A. Those provisions which are not delegable by the U.S. Environmental Protection Agency (EPA);

B. Sections 61.04, 61.16, and 61.17 of subpart A;

C. Subpart B;

D. Subpart H;

E. Subpart I;

F. Subpart K;

G. Subpart Q;

H. Subpart R;

I. Subpart T; and

J. Subpart W.

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES

Division 35 – Children's Division

Chapter 35 – Alternative Care

PROPOSED AMENDMENT

13 CSR 35-35.130 Contracted Foster Care Case Management Costs. The division is amending sections (5), (6), and (7).

PURPOSE: This amendment implements updates to the formulas and procedures for the calculation of payments contracted foster care case management providers receive for their services, changes to how their per case rate is calculated in the event of an increase or decrease of available appropriations, and how contractors may qualify for incentive payments based upon their performance in meeting performance measures established under section 210.112, RSMo, and 13 CSR 35-35.100.

(5) The contract shall specify the monthly amount which is to be paid to the contractor based on the number of cases awarded unless payment has been reduced for reasons specified in this regulation. The contract may include a provision that the parties to the contract may amend the contract to increase or decrease the rate if authorized by statute or appropriation.

(A) CD shall refer the number of cases in the Notice of Award to the contractor when cases are available. CD shall refer additional cases, when available, throughout the contract year with the intention of replacing cases which are expected to move to permanency each month based on the percentage of children who are to achieve permanency as identified in the contract. CD reserves the right to increase the number of referrals during subsequent renewal periods when the number of children entering CD's custody increases in the geographic region served by the contractor with the agreement of the contractor. CD will decrease the number of referrals in a region when CD cannot replace cases on a one-for-one basis. The provider's base case award shall be decreased, which shall be effectuated through a contract amendment. CD in its discretion may shift case allocations to another region where there is a greater need and may increase another provider's base caseload, which shall be effectuated through a contract amendment.

(B) The contractor may return cases to CD when children have been placed with their parent, or legal guardian from whom they were removed, for more than ninety (90) days only with the prior, written permission of the CD.

1. The contractor shall return cases to CD when an

adoption has been finalized, the courts have awarded a legal guardianship, and when the juvenile court has terminated jurisdiction over the child. CD may replace such cases on a one-for-one basis. When the one-for-one case replacement methodology is utilized, CD shall replace cases in the following order of preference if cases are available:

A. The next child and any sibling who enter care no more than ten (10) calendar days prior to, and no later than ten (10) calendar days following, a permanency achievement or an exit from court jurisdiction. These cases will be replaced in the county where the previous child exited when possible;

B. A child and any sibling currently case managed by CD in the county where the case was returned with services being provided by a supervisor or coworker due to the extended absence of the assigned worker;

C. A child and any sibling who entered care within thirty (30) calendar days in the county where the case was returned which is case managed by CD;

D. A child and any sibling from a county other than the one where the case was returned which is served by the contractor and meets the criteria set forth in subparagraph (5)(B)1.A., (5)(B)1.B., or (5)(B)1.C. above, when agreeable to the contractor.

2. In the event the contractor is assigned more active cases than awarded in an effort to keep one (1) worker assigned to a sibling group, cases shall not be replaced until such a time when the contractor is serving the number of active cases awarded. Active cases do not include –

A. Cases where the child has been placed for ninety (90) days with their parent, or legal guardian from whom they were removed, when CD has assigned a replacement case upon the contractor's request;

B. Children who have been adopted;

C. Those situations where the courts have awarded a legal guardianship;

D. Situations where the juvenile court has terminated jurisdiction over the child; or

E. Reentries into care unless they meet the criteria specified in subparagraph (5)(C)4.A. below or the rate or number of reentries into care within twelve (12) months has not exceeded the allowable rate or allowable number as defined in paragraph (5)(C)5. below.

3. The contractor shall not be assigned a sibling group which would increase the number of cases awarded by more than two percent (2%).

(C) The contractor shall be paid for the number of cases awarded except in the following situations:

1. CD shall reduce the payment by the number of cases disenrolled and not replaced, when CD determines it is in the best interest of a child to reassign the case to CD staff;

2. CD shall reduce payment when the contractor is placed on referral hold as the result of the contractor's staff involvement with an unacceptable, egregious situation. Payment shall be reduced by the number of cases which CD is unable to refer while the contractor is on referral hold due to an unacceptable, egregious situation. Unacceptable, egregious situations include any situation which seriously impacts the delivery of services to a child or family assigned to the contractor, including a material breach of the contract with the division, and shall include, but is not limited to, the following:

A. Court contempt order;

B. Violating the condition(s) of a court order;

C. Unsafe environments or inappropriate out-of-

home placements by the contractor as evidenced by the following:

(I) Placement in unlicensed foster homes or facilities unless approved by the court;

(II) Placements by a contractor without conducting a background screening;

(III) Placements by a contractor with a failed background screening as defined in the CD Child Welfare Manual;

(IV) Placements without full compliance with the requirements of the Interstate Compact on the Placement of Children (section 210.620, RSMo);

(V) Placements without court approval where court approval is required; and

(VI) Any other circumstances where CD determines that placement of a child by the contractor will compromise child safety;

D. Breaches of confidentiality as defined in the contract;

E. Intentionally, recklessly, knowingly, or negligently entering false data in CD's automated case management system;

F. Failure to comply with the requirement to report suspected child abuse and neglect, child injuries, child fatalities, or other critical incidents as required by contract and/or as required by section 210.115, RSMo; and

G. Other violations of federal or state law;

3. Payment shall be reduced in the following month, and subsequent months, during the contract year, and subsequent renewal periods to correspond with the number of cases which could not be assigned when the counties have no case which meets any of the criteria identified in subparagraph (5)(B)1.A., (5)(B)1.B., (5)(B)1.C., or (5)(B)1.D. above;

4. The contractor shall not invoice for reentries into care within twelve (12) months of previous exit except under those circumstances described below:

A. The contractor shall be paid for reentries into care whereby the number of cases replacing those which are expected to move to permanency each month shall be reduced to correspond with the number of reentries when –

(I) The contractor does not have an opportunity to serve the case, such as when emergency protective custody is allowed to expire, or the court terminates jurisdiction and there is clear and convincing documentation to support the contractor was against the release of jurisdiction; or

(II) A youth between the ages of eighteen (18) and twenty-one (21) has elected to return to care pursuant to 211.036, RSMo;

5. CD shall set an allowable rate of reentries or the allowable number of reentries into care within twelve (12) months of previous exit, which shall not include the reentries defined above in parts (5)(C)4.A.(I) and (5)(C)4.A.(II). CD, at its sole discretion, may adjust this rate or number based on mitigating factors. The contract shall set forth that after the rate or number is exceeded, the contractor shall not be paid for cases exceeding the allowable rate or the allowable number of reentries set forth in the contract.

(D) When CD assumes the cost of foster care or residential treatment, or when the cost of the child's placement is covered by a waiver, the contractor's monthly case rate shall be reduced to remove the foster care and residential treatment costs.

(E) CD reserves the right in its sole discretion to reduce

the number of cases assigned in subsequent contract years with payment reduced to correspond when the contractor fails to exceed the permanency expectation defined in the contract. CD also reserves the right to terminate the contract. In the event the contractor fails to exceed the permanency expectation and the number of cases is reduced in subsequent contract years, CD may reduce the number of cases awarded as follows:

1. CD may request the return of active cases; and/or
2. CD may not replace cases which are closed by the contractor.

(F) CD will reduce payment to correspond with the number of active cases served.

(6) The contract shall provide for the payment of incentives to recognize accomplishment of case goals and corresponding cost savings to the state, subject to the availability of appropriated funds. In the event that sufficient funds are not available to pay the full incentives, as adjusted, and calculated pursuant to this section, the Department of Social Services shall reduce the payment to each contractor eligible to receive an incentive payment pro rata on the basis of the proportion of cases that the eligible contractor handled during the period to the total number of cases handled by foster care case management contractors eligible to receive an incentive payment during the period.

[(A) For contracts effective on or before September 30, 2011, incentives shall be provided when contractors exceed the permanency expectations identified in the contract as follows:

1. The contract shall identify the percentage of children who are to achieve permanency in a twelve- (12-) month period. Permanency shall be defined as reunification with the child's parent(s) or legal guardian(s), a finalized adoption, or establishment of a legal guardianship;

2. CD shall refer the number of cases in the Notice of Award during the first month of the contract year. CD shall refer additional cases throughout the contract year with the intention of replacing cases which are expected to move to permanency each month based on the percentage of children who are to achieve permanency as identified in the contract; and

3. The contractor shall be paid monthly for the number of cases awarded, regardless of the number they actually serve, except in the following situations:

- A. CD shall reduce the payment when CD determines it is in the best interest of a child to reassign the case to CD staff and the case is not replaced. CD shall reduce payment by the number of cases which have been disenrolled and reassigned for case management which were not replaced;

- B. CD shall reduce payment when the contractor is placed on referral hold as the result of the contractor's staff involvement with an unacceptable, egregious situation as defined in the contract. Payment shall be reduced by the number of cases which CD is unable to refer while the contractor is on referral hold due to an egregious situation. Egregious situations are defined in this rule to include any situation which seriously impacts the delivery of services to a child or family assigned to the contractor, including a material breach of the contract with the division, and shall include, but is not limited to, the following:

- (I) Court contempt order;
- (II) Violating the condition(s) of a court order;
- (III) Unsafe environments or inappropriate out-of-home contractor as evidenced by the following:
 - (a) Placement in unlicensed foster homes or facilities unless approved by the court;
 - (b) Placements with a contractor without conducting a background screening;

- (c) Placements with a contractor with a failed background screening as defined in the CD Child Welfare Manual;

- (d) Placements without full compliance with the requirements of the Interstate Compact on the Placement of Children (section 210.620, RSMo); and

- (e) Placements without court approval where court approval is required;

- (IV) Breaches of confidentiality as defined in the contract;

- (V) Intentionally, recklessly, knowingly, or negligently entering false data in CD's automated case management system;

- (VI) Failure to comply with the requirement to report suspected child abuse and neglect, child injuries, child fatalities, or other critical incidents as required by contract and/or as required by section 210.115, RSMo; and

- (VII) Other violations of federal or state law;

C. The contractor shall not invoice for reentries into care within twelve (12) months of previous exit except under those circumstances described below—

- (I) The contractor shall be paid for reentries into care during the contract year whereby the number of cases replacing those which are expected to move to permanency each month shall be reduced to correspond with the number of reentries when—

- (a) The contractor does not have an opportunity to serve the case or the court terminates jurisdiction and there is clear and convincing documentation to support the contractor was against the release of jurisdiction;

- (b) Reunification does not occur; and

- (c) The case has been replaced; and

- (II) The contractor shall be paid for reentries into care during the next contract year whereby the reentry into care shall count as an active case at the beginning of the contract year when—

- (a) The contractor does not have an opportunity to serve the case or the court terminates jurisdiction and there is clear and convincing documentation to support the contractor was against the release of jurisdiction; and

- (b) Reunification did occur when the court first terminated jurisdiction after assignment to the contractor;

D. CD shall reduce the monthly case rate to remove the foster care maintenance payment for those children who have been enrolled in the interdivisional agreement through the Developmental Disabilities (DD) Comprehensive waiver with the Missouri Department of Mental Health; and

E. CD shall reduce the monthly case rate to reimburse the contractor for only case management services when a child meets the definition of a catastrophic case as defined in the contract and CD is providing additional funding for the child.

(B) For new contracts issued based on an RFP or IFB on or after October 1, 2011, subject to available appropriation, CD shall pay an incentive for the sum of the monthly differences between the number of children who are expected to achieve permanency as defined in the contract and the number of children who do achieve permanency when the one-for-one case replacement methodology is utilized. Permanency shall be defined as reunification with the child's parent(s) or legal guardian(s), a finalized adoption, or establishment of a legal guardianship. The following provisions shall apply to the administration of the incentive:

1. The percentage of children which are to achieve permanency in a twelve- (12-) month period shall be based on the following percentage, whichever number is higher:

- A. The percentage of children who move to permanency

within a region, utilizing an average for all counties served within the region; or

B. The percentage of children contractors serve who move to permanency within a region, utilizing an average of the performance of contractors serving the region;

2. The contractor may return cases to CD when children have been placed with their parent(s) for more than ninety (90) days. The contractor may return cases to CD when children have been placed with their legal guardian(s), from whom they were removed, for more than ninety (90) days. The contractor may retain management of the case after ninety (90) days only with the prior, written permission of the CD. When permission is granted, the contractor shall understand the permanency expectation will not change. The contractor shall return cases when an adoption has been finalized, the courts have awarded a legal guardianship, and when the juvenile court has terminated jurisdiction over the child. CD may replace such cases on a one-for-one basis. When the one-for-one case replacement methodology is utilized, CD shall replace cases in the following order of preference if cases are available:

A. The next child and any sibling who enter care within ten (10) calendar days in the county where the case was returned;

B. A child and any sibling currently case managed by CD in the county where the case was returned with services being provided by a supervisor or coworker due to the extended absence of the service worker;

C. A child and any sibling which entered care within thirty (30) calendar days in the county where the case was returned which is case managed by CD;

D. A child and any sibling from a county other than the one where the record was returned which is served by the contracted contractor and meets the criteria set forth in subparagraphs (6)(B)2.A., (6)(B)2.B., or (6)(B)2.C. above, when agreeable to the contractor; and

E. In the event the contractor is assigned more active cases than awarded in an effort to keep one (1) worker assigned to a sibling group, cases shall not be replaced until such a time when the contractor is serving the amount of active cases awarded. Active cases do not include children who have been placed with their parent(s) for more than ninety (90) days unless the CD has granted permission for the contractor to keep the case; children who have been placed with their legal guardian(s), from whom they were removed, for more than ninety (90) days unless the CD has granted permission for the contractor to keep the case; children who have been adopted; those situations where the courts have awarded a legal guardianship; situations where the juvenile court has terminated jurisdiction over the child; or reentries into care unless they meet the criteria specified in part (6)(A)3.C.(I) above or the rate of reentries or the number of reentries into care within twelve (12) months has not exceeded the allowable rate or number as defined in subparagraph (6)(B)3.D. below. The contractor shall not be assigned a sibling group which would increase the number of cases awarded by more than two percent (2%). The contractor shall inform CD of the additional number of cases which may need to be replaced to keep the contractor at the number of cases awarded by the end of the contract year;

3. The contractor shall be paid for the number of cases awarded except in the following situations:

A. Payment shall be reduced in the following and subsequent months during the contract year and subsequent renewal periods to correspond with the number of cases which could not be assigned when the counties have no case which meets any of the criteria identified in subparagraph (6)(B)2.A., (6)(B)2.B., (6)(B)2.C., or (6)(B)2.D. above. CD reserves the right

to increase the number of referrals during subsequent renewal periods when the number of children entering CD's custody increases in the geographic region served by the contractor, when the contractor is agreeable to such;

B. CD shall reduce the payment when CD determines it is in the best interest of a child to reassign the case to CD staff and the case is not replaced. CD shall reduce payment by the number of cases which have been disenrolled and reassigned for case management which were not replaced;

C. CD shall reduce payment when the contractor is placed on referral hold as the result of the contractor's staff involvement with an unacceptable, egregious situation as defined in the contract. Payment shall be reduced by the number of cases which CD is unable to refer while the contractor is on referral hold;

D. CD shall set an allowable rate of reentries or the number of reentries into care within twelve (12) months of previous exit, which shall not include the reentries defined below. The rate or the number allowed shall be based on historical data. CD, at its sole discretion, may adjust this rate or number based on mitigating factors. The contract shall set forth that after the rate is exceeded, the contractor shall not be paid for cases exceeding the allowable number of reentries set forth in the contract or shall be assessed a penalty after the rate is exceeded. If a penalty is assessed, the penalty shall be based on a methodology set forth in 13 CSR 35-35.100 and the contract.

(I) The reentry into care will count as an active case and the contractor will be paid for the case when CD is able to determine that the contractor did not have an opportunity to serve the case or the court terminated jurisdiction and there is clear and convincing documentation to support the contractor was against the release of the jurisdiction. In the event the contractor is serving more active cases than awarded as the result of the reentry into care, they shall not be paid for such. However, cases shall not be replaced until such a time when the contractor is serving the amount of active cases awarded;

E. The monthly case rate shall be reduced to remove the foster care maintenance when the contract specifies the division shall be responsible for such; and

F. CD shall reduce the monthly case rate to reimburse the contractor for only case management services when a child meets the definition of a catastrophic case as defined in the contract and CD is providing additional funding for the child;

4. CD shall determine the number of children achieving permanency during the contract year while being served by the contractor. The contractor will be paid for the sum of the monthly differences between the number of children who are expected to achieve permanency as defined in the contract and the number of children who do achieve permanency, subject to available appropriation, as follows:

A. Contractors shall be paid the monthly amount bid and awarded for the sum of the monthly differences during the contract year as identified in paragraph (6)(B)4. above, subject to available appropriation; and

B. The incentive shall be a one- (1-) time payment for the number of children who exceeded the permanency standard during the contract year as identified in paragraph (6)(B)4. above; and

5. CD reserves the right in its sole discretion to reduce the number of cases assigned in subsequent contract years with payment reduced to correspond when the contractor fails to meet the permanency standard defined in the contract. CD also reserves the right to terminate the contract. In the event the contractor fails to meet the permanency standard and the number of cases are reduced in subsequent contract years, CD

may reduce the number of cases awarded as follows:

A. CD may request the return of active cases;
B. CD may not replace cases which are closed by the contractor; and

C. CD will reduce payment to correspond with the number of active cases served.

(C) For all contracts effective on or after April 1, 2022, the provisions of subsections (6)(A), (6)(B), and this subsection (6)(C) shall apply. To receive an incentive the contractor must first qualify to receive an incentive by exceeding the permanency performance goal for the region as specified in this subsection. If the contractor qualifies for an incentive by exceeding the permanency performance goal for the region, then the contractor will qualify to receive fifty percent (50%) of the incentive payment. To earn the remaining fifty percent (50%) of the incentive payment, the contractor must meet the performance goals and outcomes established pursuant to 13 CSR 35-35.100 as they are phased in, and as further provided in this subsection.

1. The CD shall establish relative weights to be given to each item in the Safety, Well-Being and Service Domains and the additional requirements of the Permanency domain as they are phased in as provided in 13 CSR 35-35.100. The incentive payment shall be reduced as provided in paragraph (6)(C)2. of this regulation if the contractor fails to meet the performance goals established of 13 CSR 35-35.100 and the evaluation tool therein.

2. The remaining fifty percent (50%) of the incentive payment shall be calculated as follows:

A. If the contractor achieves a score of equal to or greater than one hundred percent (100%) of the weighted performance and outcome score then the contractor shall receive the full portion of the incentive payment under paragraph (6)(C)2. of this regulation;

B. If the contractor receives a score of ninety to ninety-nine percent (90-99%) of the weighted performance and outcome score the contractor shall receive ninety percent (90%) portion of the full incentive payment under paragraph (6)(C)2. of this regulation; or

C. If the contractor receives a score of less than ninety percent (90%) or less of the weighted performance and outcome score the contractor shall not receive an incentive payment under paragraph (6)(C)2. of this regulation.]

(A) For the purpose of this regulation, "permanency" is defined as reunification with the child's parent, or legal guardian from whom they were removed, a finalized adoption, or establishment of a legal guardianship. Reunification shall include a child who has been placed with their parent, or legal guardian from whom they were removed, for more than ninety (90) days.

(B) Incentive for Exceeding Permanency Expectations. Subject to available appropriation, the contractor can qualify for fifty percent (50%) of the possible incentive payment calculated as provided in this subsection. CD shall pay an incentive for the sum of the monthly differences between the number of children who are expected to achieve permanency as provided in the contract and the number of children who do achieve permanency when the one-for-one case replacement methodology is utilized. The following provisions shall apply to the administration of the permanency incentive:

1. The percentage of children who are to achieve permanency in a twelve- (12-) month contract period shall be based on one (1) of the following percentages, whichever number is higher:

A. The percentage of children CD serves who move

to permanency within a geographic region as defined in the contract, utilizing an average for all counties served within the region; or

B. The percentage of children contractors serve who move to permanency within a geographic region as defined in the contract, utilizing an average of the performance of contractors serving the region;

2. The contractor shall exceed the regional permanency expectations as defined in the contract to qualify for an incentive payment;

3. The incentive for permanency shall be a one- (1-) time payment for the number of children who exceeded the permanency expectation during the contract year.

(C) Incentive based on 13 CSR 35-35.100 Performance Goals. If the contractor qualifies for an incentive by exceeding the permanency performance expectation for the geographic region as provided in subsection (6)(B) of this regulation, then the contractor will qualify to be eligible for the remaining fifty percent (50%) of the possible incentive payment as provided in this subsection. To earn the remaining fifty percent (50%) of the incentive payment, the contractor must meet or exceed the performance goals and outcomes established or subsequently amended pursuant to 13 CSR 35-35.100 as they are phased in, and as further provided in this subsection. Any incentive payment is subject to available appropriation.

1. The CD shall establish relative weights to be given to each item in the Safety, Well-Being, and Service Domains and the additional requirements of the Permanency Domain as they are phased in as provided in 13 CSR 35-35.100. The incentive payment shall be reduced as provided in paragraph (6)(C)2. of this regulation if the contractor fails to meet the performance goals established of 13 CSR 35-35.100 and the evaluation tool therein.

2. The remaining fifty percent (50%) of the incentive payment shall be calculated as follows:

A. Tier 1 Incentive: A contractor will be eligible for a performance-based incentive payment if a contractor achieves a score of equal to or greater than sixty percent (60%) of the weighted performance and outcome score after calculating the aggregate score of all weighted metrics specified in 13 CSR 35-35.100. If eligible for a performance-based incentive, the contractor shall receive an incentive payout equal to their aggregate weighted score, rounded up to the nearest whole number, not to exceed one hundred percent (100%) of the available incentive amount. For example, if a contracted provider has an aggregate weighted score of sixty-nine and a half percent (69.5%) at the end of a contract year, that number will be rounded up to seventy percent (70%) (the nearest whole number) and the contract provider would be eligible for a Tier 1 performance-based incentive payment of seventy percent (70%) of the total remaining incentive payment;

B. Tier 2 Incentive: Except as provided in parts (6)(C)2.B.(I)-(II) below, if a contractor is not eligible for a performance-based incentive payment, then the contractor will be eligible for an improvement-based incentive payment if the contractor's aggregate weighted score is an improvement from the same contractor's aggregate weighted score for the previous contract year. The incentive awarded shall be equal to the percentage of improvement of the contractor's performance score when compared to their prior-year score, not to exceed fifteen percent (15%) of the total remaining incentive. For example, if a contracted provider had an aggregate weighted score of forty percent (40%) during the previous contract year

and improved their aggregate weighted score to fifty percent (50%) the following contract year, the contracted provider would be eligible for a Tier 2 improvement-based incentive payment of ten percent (10%) of the total remaining incentive payment.

(I) For the first year of the contract effective October 1, 2026, or thereafter, contracted providers are not eligible for a Tier 2 improvement-based incentive payment and are only eligible for a Tier 1 performance-based incentive payment.

(II) New contracted providers with no previous performance baseline established are not eligible for a Tier 2 improvement-based incentive payment until such time as the contracted provider has two (2) consecutive years of aggregate weighted scores to compare;

C. If a contractor qualifies for a performance-based incentive payment, the contractor will not be eligible for an improvement-based incentive payment;

D. If a contractor fails to qualify for a performance-based incentive payment and fails to qualify for an improvement-based incentive payment, the contractor shall not receive an incentive payment under subsection (6)(C).

3. To calculate the performance and outcome score specified in paragraph (6)(C)2. of this regulation, the division will calculate for each contractor the percentage of the performance outcome goal for each item in each domain being scored under 13 CSR 35-35.100 that each contractor actually achieved for that item during the phase for the period. The percentage achieved for each item under each domain shall then be multiplied by the weight factor (if any) assigned to each item. The *[net sum]* **aggregate weighted score** of the weighted percentages will be the final score for each contractor for the period. The performance outcome goals for the period and the weights to be assigned to each item will be established by the division, in conjunction with the Research and Evaluation team and other individuals, following the procedures specified in 13 CSR 35-35.100.

4. The final scores shall be rounded up to the nearest whole number.

5. The scores for each contractor shall be published on the division's website.

(7) Changes to reimbursements for services in addition to the contracted amounts will be based upon available increased or decreased appropriations for **services specifically included in the case management** *[purposes and will be allocated to both public and private contractors of such services]* **contract. Increases or decreases will be allocated to both public and private contractors of such services. Any increase or decrease will result in an increase or decrease to the monthly case rate paid to the contractor.** The allocation shall be *[made pro rata to the division and each contractor based upon the proportion of the total number of cases that the division and each contractor served during the period]* **calculated using a numerator equal to the contractor's base case award and a denominator equal to the total number of cases** *[of children]* **served statewide** *[during the period]* **at the point in time the calculation is performed. The resulting proportion shall determine the contractor's share of the increased or decreased appropriation. The division shall be allocated the residual amount of the appropriation after contractor allocations are calculated, such that the total sum of all allocations equals the total available appropriation. Any increase or decrease in appropriations will only be expended for the purposes specified by**

the General Assembly. The proportional methodology described in this section shall not apply when the General Assembly directs a different methodology through bill language, budget language, or other instruction. Under no circumstances shall the Department of Social Services and the Children's Division's aggregate, total expenditure for foster care case management services contracts exceed the amount appropriated by the General Assembly for that purpose nor shall it exceed the funds available.

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES

Division 70 – MO HealthNet Division

Chapter 15 – Hospital Program

PROPOSED AMENDMENT

13 CSR 70-15.020 Procedures for Admission Certification, Continued Stay Review, and Validation Review of Hospital Admissions. The division is amending sections (1), (6), and (11).

PURPOSE: This amendment removes specific references to the Milliman Care Guidelines and adds general language regarding the use of level of care criteria when determining medical necessity.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Administration. The MO HealthNet Division, Department of Social Services, shall administer the Hospital Program. Hospital Program services covered and not covered and the limitations under which services are covered shall be

determined by the MO HealthNet Division and shall be included in the *MO HealthNet Hospital Provider Manual*. The *MO HealthNet Hospital Provider Manual* is incorporated by reference and made part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, October 6, 2025. This rule does not incorporate any subsequent amendments or additions.

[(1)](A) The following definitions will be used in administering this rule:

[(A)]1. Admission. Admission means the act of registration and entry into a general medical and surgical, psychiatric, or rehabilitation hospital on the order of a qualified medical practitioner or medical professional having privileges of admission for the purpose of providing inpatient hospital services under the supervision of a physician member of the hospital's medical staff;

[(B)]2. Admission certification. Admission certification means the determination by the medical review agent, as transmitted to the hospital/physician and the fiscal agent, that the admission of a participant for inpatient hospital services is approved as medically necessary, reasonable, and appropriate as to placement at an acute level of care;

[(C)]3. Admitting diagnosis. Admitting diagnosis means the physician's tentative or provisional diagnosis of the participant's condition as a basis for examination and treatment when the admission certification is requested;

[(D)]4. Admitting medical professional. Admitting medical professional means a physician or other person authorized by state licensure law to order hospital services and who has admission privileges to order the participant's inpatient admission to the hospital;

[(E)]5. Certification number. Certification number means the number issued by the medical review agent that establishes that, based upon information furnished by the provider, a participant's admission for inpatient hospital services is approved as medically necessary;

[(F)]6. Department. Department means the Missouri Department of Social Services;

[(G)]7. Emergency admission. Emergency admission means an admission in which the medical condition manifests itself by acute symptoms of sufficient severity (including severe pain) that absence of immediate medical attention could reasonably be expected to result in placing the patient's health in serious jeopardy, serious impairment to bodily function, or serious dysfunction of any bodily organ or part;

[(H)]8. Fee for service. Fee for service refers to participants and/or services not included in the MO HealthNet Managed Care program or other prepaid health plans;

[(I)]9. Inpatient hospital service. Inpatient hospital service means a service provided by or under the supervision of a medical professional after a participant's admission to a hospital and furnished in the hospital for the care and treatment of the participant;

[(J)]10. Managed Care. Managed Care is a program under which some MO HealthNet participants are enrolled with a health plan who contracts with the department to provide a package of MO HealthNet benefits for a monthly fee per enrollee;

[(K)]11. Medical record. Medical record means all or any portion of the medical record as requested by the medical review agent;

[(L)]12. Medical review agent. Medical review agent means the state's representative who is authorized to make decisions about admission certifications and validation reviews;

[(M)]13. Medically necessary. Medically necessary means

an inpatient hospital service that is consistent with the participant's diagnosis or condition and is in accordance with the criteria as specified by the department;

[(N)]14. Nurse reviewer. Nurse reviewer means a person who is employed by or under contract with the medical review agent and who is licensed to practice professional nursing in Missouri;

[(O)]15. Pertinent information. Pertinent information means any information that the physician, hospital, or participant feels may justify or qualify the hospitalization;

[(P)]16. Physician reviewer. Physician reviewer means a physician who is a peer of the admitting/attending physician or who specializes in the type of care under review. Exceptions will be made only if the efficiency or effectiveness of the review would be compromised, but in every situation the review will be performed by a physician;

[(Q)]17. Readmission. Readmission means an admission that occurs within fifteen (15) days of a discharge of the same participant from the same or a different hospital. The fifteen- (15-) day period does not include the day of discharge or the day of readmission;

[(R)]18. Participant. Participant means a person who has applied and been determined eligible for MO HealthNet benefits;

[(S)]19. Reconsideration. Reconsideration means a review of a denial or withdrawal of admission certification;

[(T)]20. Required information. Required information means the information to be provided by the medical professional or hospital to obtain a preadmission or post-admission certification, which includes participant, medical professional, and hospital identifying information, admission date, admission diagnosis, procedures, surgery date, indications for inpatient setting, and plan of care;

[(U)]21. Transfer. Transfer means the movement of a participant after admission from one (1) hospital directly to another or within the same facility;

[(V)]22. Urgent admission. Urgent admission means a case which requires prompt admission to the hospital to prevent deterioration of a medical condition from an urgent to an emergency situation;

[(W)]23. Utilization review assistant. Utilization review assistant means a person who is employed by or is under contract with the medical review agent who is the preliminary reviewer to assess the need for nurse review when the *[Milliman Care Guidelines is]* level of care criteria are not immediately met based on the standardized tool for determining level of care;

[(X)]24. Validation review. Validation review means a review conducted after admission certification has been approved. The review is focused on validating the admitting information and confirming the determination of medical necessity of the admission; and

[(Y)]25. Written [R]request. A notice to the address of the provider as listed in the MO HealthNet Division's system, in writing, transmitted via the U.S. mail or other private or common carrier, facsimile, email, or any other method/ mode of transmittal that is deemed by MO HealthNet to be an efficient, cost-effective, verifiable, and a reliable method or mode of communication with the provider, applying provider, or provider's representative.

(6) *[The criteria]* A standardized assessment tool for determining level of care is to be used in the admission certification and validation review *[are as follows:]*. With regards to ambulatory procedure screenings, if the procedure meets criteria to be done in the outpatient

setting versus inpatient, the case will be reviewed by a physician for final determination, which may result in denial of the certification request. Urgent/emergency criteria are used as guidelines for determination of type of admission and are defined in subsection (1)(A).

[(A) Milliman Care Guidelines includes adult and pediatric criteria for general medical care admissions;

(B) Supplemental criteria sets are included for adult and child psychiatric care, rehabilitation care, and alcohol/drug abuse treatment;

(C) Ambulatory procedure screening is done within the Milliman Care Guidelines. If the procedure meets criteria to be done in the outpatient setting versus inpatient, the case will be reviewed by a physician for final determination which may result in denial of the certification request; and

(D) Urgent/emergency criteria are used as guidelines for determination of type of admission and are defined in section (1).]

(11) Continued stay reviews, when necessary, will be performed for all fee-for-service MO HealthNet participants subject to admission certification to determine that services are medically necessary and appropriate for inpatient care. The continued stay review procedure is as follows:

(B) For continued stay reviews, either initiated via the CyberAccess Web tool or the telephone, the **[Milliman Care Guidelines] findings from the standardized tool for determining level of care** will be applied to any additional diagnosis or surgical procedures indicated. The medical professional and/or hospital may also upload any additional supporting documentation into the CyberAccess Web tool;

(C) A physician will review cases when continued stay is requested beyond the **[Milliman Care Guidelines] findings from the standardized tool for determining level of care**. The physician reviewer shall approve or deny the continued stay days;

*AUTHORITY: sections 208.201 and 660.017, RSMo 2016. Emergency rule filed Oct. 20, 1989, effective Nov. 1, 1989, expired Feb. 28, 1990. Original rule filed Nov. 2, 1989, effective Feb. 25, 1990. For intervening history, please consult the **Code of State Regulations**. Amended: Filed March 4, 2026.*

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will cost private entities approximately twelve thousand six hundred dollars (\$12,600) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Department of Social Services, Legal Services Division-Rulemaking, PO Box 1527, Jefferson City, MO 65102-1527, or by email to Rules.Comment@dss.mo.gov. Type of Rulemaking:	Proposed Amendment

II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by the adoption of the rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
7 hospitals	MO HealthNet enrolled hospitals that meet the definition of an IMD eligible to participate in the 1115 SMI/SUD Waiver that serve adults	\$12,600 in aggregate: \$1,800 per facility on average.

III. WORKSHEET

No worksheet included.

IV. ASSUMPTIONS

There are currently 7 hospitals enrolled as MHD providers who meet the definition of an Institute for Mental Disease (IMD) and are eligible to participate in the 1115 SMI/SUD Waiver. We assume each facility will enroll approximately three staff in the American Association for Community Psychiatry (AACP) LOCUS training, which costs \$100 per person. The LOCUS tool can only be used via Deerfield's electronic solutions, for fidelity purposes, which would cost at most \$1,500 per facility. Total cost for each facility is estimated to be \$1,800.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order or rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted that has been changed from the text contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments that are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Chapter 1 – Marijuana

ORDER OF RULEMAKING

By the authority vested in the Division of Cannabis Regulation under sections 1.3.(1)(b), 1.3.(2), 2.4(1)(b), and 2.4(4) of Article XIV, Mo. Const., the division amends a rule as follows:

19 CSR 100-1.060 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 15, 2025 (50 MoReg 1844-1848). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Cannabis Regulation received nineteen (19) comments on the proposed amendment.

COMMENT #1: Chris Chesley supports the department's goal of prohibiting pre-lottery agreements and preventing circumvention of the rules through rule amendments to 19 CSR 100-1.060.

RESPONSE: Pre-lottery agreements are not prohibited, but the amendment does seek to prevent agreements and other arrangements that have removed ownership and control from the eligible individuals presented as owners. No changes have been made to the rule as a result of this comment.

COMMENT #2: Luke Colyer requests more clarity on how control is defined in 19 CSR 100-1.060 and also suggests that the sixty- (60-) day audit timeframe in 19 CSR 100-1.060(6)(E) is too sharp. He requests more flexibility.

RESPONSE: Control is not defined in 19 CSR 100-1.060. Mr. Colyer may be referring to the definition of majority owned and operated in 19 CSR 100-1.190, which is not the subject of this amendment. The eligibility review discussed in 19 CSR 100-1.060(6)(E) is mandated by Article XIV, section 2.4(13), which specifically requires that the review shall be conducted within sixty (60) days of issuance of the licenses. No changes have been made to the rule as a result of this comment.

COMMENT #3: Bryce notes that 19 CSR 100-1.060(3)(F)3. creates an unnecessary and undue administrative burden on applicants and that applicants require non-eligible professionals to handle the complexity of the process.

RESPONSE: This requirement was introduced to the rule as a result of previous microbusiness eligible owners having no ownership or control in their license, including circumstances such as lacking any knowledge of their designated contact or any understanding of what was happening with their license. Article XIV, section 2, requires microbusinesses be owned and operated by eligible individuals. Requiring the designated contact to be an eligible individual with ownership interest reduces the opportunities for non-eligible individuals to take advantage of eligible individuals in order to obtain ownership and/or control over the microbusiness. This provision does not prohibit microbusinesses from seeking assistance from non-eligible individuals or entities at any stage of their application or license. No changes have been made to the rule as a result of this comment.

COMMENT #4: Denise McCracken requests clarity on when the definition of majority owned and operated applies relative to licensure in 19 CSR 100-1.060(3)(F), as the attestation appears inconsistent with the proposed amendment in 19 CSR 100-1.190(1)(F).

RESPONSE: The definition of majority owned and operated in 19 CSR 100-1.190 was revised in response to Ms. McCracken's comment. No changes have been made to this rule as a result of this comment.

COMMENT #5: Denise McCracken requests clarity in 19 CSR 100-1.060(6)(E)2. on what the department will rely on to identify intent of a license to be majority owned and operated by eligible individuals.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.060(6)(E)2. lists documents and information the department will rely on to determine if the license is majority owned and operated by eligible individuals. The “such as” clause was removed from the end of 19 CSR 100-1.060(6)(E)2. in response to this comment in order to remove a perceived ambiguity.

COMMENT #6: Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, and Eric Foster appreciate that the department implemented feedback from stakeholders. They believe the proposed changes in 19 CSR 100-1.060 are reasonable, administratively sound, and consistent with the department’s authority and intent.

RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #7: The Joint Committee on Administrative Rules suggested removing the requirement for the designated contact to be an eligible individual in 19 CSR 100-1.060(3)(A), or, alternatively, to either allow an attorney representing the microbusiness applicant to be the designated contact or copy all correspondence regarding the license or application sent to the designated contact to the email address(es) provided for the eligible individuals listed on the application or license.

RESPONSE: The provision is beneficial in order to allow for direct contact between the department and one of the majority owners operating the license. This provides an efficient and effective way to proceed through the verification process. Being the primary contact with the department does not prevent owners to contract with consultants to assist with applications if needed. No changes have been made to the rule as a result of this comment.

COMMENT #8: The Joint Committee on Administrative Rules suggested replacing the language in 19 CSR 100-1.060(3)(C) with language requiring a visual representation of the ownership structure, and offering examples on the department’s website.

RESPONSE AND EXPLANATION OF CHANGE: The suggested language was accepted with minor edits to allow for consistency of language throughout the rules and to avoid potential issues with changes to website links over time.

COMMENT #9: The Joint Committee on Administrative Rules suggested revising the language in 19 CSR 100-1.060(3)(F)5. to extend the deadline for providing requested documents to ten (10) days and to clarify that the requirement applies to microbusiness applicants responding to requests for documentation relevant to determining that the license is owned and operated by eligible individuals.

RESPONSE AND EXPLANATION OF CHANGE: The requested changes were made to 19 CSR 100-1.060(3)(F)5.

COMMENT #10: The Joint Committee on Administrative Rules suggested replacing the language in 19 CSR 100-1.060(4)(A) with language requiring a visual representation of the ownership structure, and offering examples on the department’s website.

RESPONSE AND EXPLANATION OF CHANGE: The suggested language was accepted with minor edits to allow for consistency of language throughout the rules and to avoid potential issues with changes to website links over time.

COMMENT #11: The Joint Committee on Administrative Rules

suggested removing the language referring to production of all documents regarding financial interest in the microbusiness in 19 CSR 100-1.060(4)(E).

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.060(4)(E) was revised to remove language discussing financial interests in cannabis operations and agreements whereby entities stand to gain financially.

COMMENT #12: The Joint Committee on Administrative Rules suggested revising 19 CSR 100-1.060(6)(A)4.B. to replace (I)–(III) with new language pertaining to document requests demonstrating that eligible individuals collectively hold more than fifty percent (50%) of voting power in the licensed entity and showing that eligible individuals have more than fifty percent (50%) of the power to direct the management, managers, and policies of the license, enter into and exit agreements on behalf of the license, and otherwise make decisions for the license.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.060(6)(A)4.B. was revised as requested.

COMMENT #13: The Joint Committee on Administrative Rules suggested removing 19 CSR 100-1.060(6)(E)1.-3., as it is already covered elsewhere in rule.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.060(6)(E)1.-3. was removed.

19 CSR 100-1.060 Facility Applications and Selection

(3) Application requirements. Entities must obtain a license or certification to operate a medical or marijuana facility in Missouri. Applications for facility licenses or certifications, except for off-site storage of marijuana product, shall include at least the following information:

(C) A visual representation of the applicant entity’s ownership structure showing the percentage of each individual’s ownership in the microbusiness. Examples of such visual representations may be found on the department’s website at <http://cannabis.mo.gov>;

(F) For a microbusiness facility license application, an attestation that –

1. The applicant does not have an owner who is also an owner of an existing medical, comprehensive, or another microbusiness marijuana facility license;

2. The applicant has not entered, and will not enter into until after successful completion of eligibility verification and mandatory post-award training, any agreement that removes from the eligible majority owners listed in the application the power to –

A. Order or direct the management, managers, and policies of the license;

B. Enter into and exit agreements on behalf of the license; and

C. Otherwise make decisions for the license or that diminishes the controlling interests of those eligible individuals;

3. The designated contact is an eligible individual with ownership in the microbusiness license;

4. The microbusiness is and will continue to be majority owned and operated by eligible individuals;

5. If selected by lottery, a microbusiness applicant will respond to all requests for documentation relevant to determining that the license is owned and operated by eligible individuals within ten (10) days from the date the request is sent, unless an extension has been requested and approved; and

6. Mandatory pre-application training was completed by an eligible individual contributing to majority ownership;

(4) In addition to the application requirements in section (3) above, microbusiness facility applicants must also provide the following:

(A) A visual representation of the applicant entity's ownership structure showing the percentage of each individual's ownership in the microbusiness. Examples of such visual representations may be found on the department's website at: <http://cannabis.mo.gov>;

(E) All business agreements that affect ownership or control related to the application or future license, existing at the time of application, including all management agreements, consulting agreements, partnership agreements, or loans.

(6) Application approval and denial process.

(A) In cases where there are more applicants than available licenses or certificates, the department will select applicants for available licenses or certifications by lottery.

1. All timely applications submitted with an application fee during an application time period will be entered into the lottery. Untimely applications or applications without an application fee will be denied.

2. Applications entered into the lottery will be assigned an application identifier by the department. The assigned identifiers will be transmitted to the entity conducting the lottery. The individual(s) conducting the lottery will do so without reference to the identities of the applicants.

3. Identifiers will be randomly drawn and listed in the order drawn. If licenses are issued by congressional district, separate drawings will occur for each congressional district.

4. After identifiers are drawn, the department will review the application corresponding to the selected identifier, beginning with the first identifier drawn, to determine if the applicant is eligible for licensure prior to issuing the license.

A. Applicants are responsible for submitting a complete and accurate application as set out in this chapter. However, the department may request an applicant to provide additional information or documents needed to determine eligibility for a license by sending the request to the email address of the designated contact associated with the application. If requested, the applicant will have three (3) business days from the date the email is sent to provide the requested information or documents.

B. The department will determine that microbusiness licenses will be awarded to and be operated by eligible applicants in good standing by requesting, if necessary:

(I) Additional documentation demonstrating that eligible individuals collectively hold more than fifty percent (50%) of voting power in the licensed entity; and

(II) Additional documentation showing that eligible individuals have more than fifty percent (50%) of the power to direct the management, managers, and policies of the license, enter into and exit agreements on behalf of the license and otherwise make decisions for the license.

5. If during the application review period the department determines an application meets all of the license eligibility requirements in this chapter and Article XIV, the license will be issued.

6. An application will be denied if –

A. The application is not complete;

B. The applicant, application, or any proposal in the application is in violation of any rule in this chapter or Article XIV;

C. Awarding a license would result in an entity being an

owner in more licenses than permitted by Article XIV Section 2.3(9-11);

D. The applicant provides false or misleading information in an application;

E. The applicant fails to timely provide information or records requested by the department;

F. An entity, which includes an individual, holds an ownership interest in more than one (1) microbusiness applicant in the same microbusiness application period, all microbusiness applications where the entity holds an ownership interest will be denied; and

G. The department determines an application fails to meet the license eligibility requirements in this chapter and Article XIV.

7. If an application is denied, the department will review the next application in the order drawn until the available licenses or certifications are issued.

8. Once all available licenses or certifications are issued, the remaining applications entered into the lottery for that application time period will be denied for failure to be selected in the lottery.

(E) The department will have sixty (60) days after license issuance to verify that microbusiness licenses have been awarded to and are being operated by eligible applicants in good standing.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 100 – Division of Cannabis Regulation

Chapter 1 – Marijuana

ORDER OF RULEMAKING

By the authority vested in the Division of Cannabis Regulation under sections 1.3.(1)(b), 1.3.(2), 2.4(1)(b), and 2.4(4) of Article XIV, Mo. Const., the division amends a rule as follows:

19 CSR 100-1.190 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 15, 2025 (50 MoReg 1848-1849). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Cannabis Regulation received one hundred seventy-three (173) comments on the proposed amendment.

COMMENT #1: Zachary Becker, James Thornton, Brendan Fahey, Sam Henderson, Dennis Scanlan, Jim Mondl, Andrew Mullins, Chris Chesley, Daphne Cook, Jim Thomas, Luke Colyer, Bryce, Nick Hall, Cal Freeman, Thane Kifer, Scott Wootton, Samantha Blum, David Brodsky, and Dan Nelson all expressed concerns that 19 CSR 100-1.190(1)(A)4. acts as a sanction that retroactively penalizes licensees for past conduct and prevents previous microbusiness license applicants from being eligible for a new microbusiness license. All commenters suggested revising the rule to only apply to denials and revocations occurring after the amendment effective date.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.190(1)(A)4. as drafted is not impermissively retroactive. However, it was removed in response to other concerns.

COMMENT #2: James Thornton, Brendan Fahey, Samuel Henderson, Dennis Scanlan, Andrew Mullins, Chris Chesley, Daphne Cook, Jim Thomas, Bryce, Nick Hall, Cal Freeman, Thane Kifer, Scott Wootton, Samantha Blum, Denise McCracken, David Brodsky, Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, Eric Foster, and Dan Nelson expressed concerns that the prohibition of licensure in 19 CSR 100-1.190(1)(A)4. should not apply for minor technical errors or circumstances outside of the eligible individual's control.

RESPONSE AND EXPLANATION OF CHANGE: The language of the rule regarding denials and revocation only applies if that action was taken pursuant to violations of the ownership and operations requirement of Article XIV or this chapter. Therefore, minor technical errors or circumstances outside an individual's control do not prohibit licensure under this paragraph. Maintaining the integrity of the ownership and operation requirement in Article XIV is essential for a successful microbusiness program. However, to the extent the language as drafted extends consequences for noncompliance to individuals not responsible for that noncompliance, the department recognizes that concern. 19 CSR 100-1.190(1)(A)4. was removed.

COMMENT #3: In response to 19 CSR 100-1.190(1)(A)4., James Thornton, Nick Hall, Scott Wootton, and David Brodsky commented that they do not believe the department has authority to promulgate a rule banning eligible individuals from licensure unless they have a disqualifying felony offense. RESPONSE AND EXPLANATION OF CHANGE: Article XIV, Section 2.4(1)(f), provides the department with authority to promulgate rules specific to the licensing, regulation, and oversight of marijuana microbusiness facilities. This includes determining who may obtain a license and what factors should be considered in license issuance. Additionally, Article XIV, Section 2.4(1)(a), provides the department with authority to impose any reasonable administrative penalty authorized by that section or any general law enacted or rule promulgated pursuant to that section. This includes imposing consequences for noncompliance with the constitution, statutes, or rules governing marijuana microbusiness facilities. However, 19 CSR 100-1.190(1)(A)4. was removed in response to other concerns.

COMMENT #4: In response to 19 CSR 100-1.190(1)(F), Zach Becker, James Thornton, Chris Chesley, Bryce, Nick Hall, Thane Kifer, Scott Wootton, Samantha Blum, David Brodsky, and Dan Nelson pointed out that the department had previously approved pre-lottery agreements for microbusinesses and is now changing its position by preventing pre-lottery agreements that people may have made in good faith. RESPONSE AND EXPLANATION OF CHANGE: The department never approved all pre-lottery agreements for microbusinesses, and this provision does not create a ban on all pre-lottery agreements, either. Rather, this provision prohibits the types of agreements that the department discovered during the first two (2) rounds of microbusiness license applications that showed the eligible applicant did not own and operate the microbusiness license. The department revoked licenses subject to such agreements; it did not approve them. To help alleviate the concern that this provision would prohibit agreements made in the normal course of business, such as legitimate financing agreements, the department added the word "unduly" to modify the word "diminish" in the last sentence of this subsection. This clarification is sufficient when paired with the list of examples of agreements that would unduly diminish the controlling interests of eligible

individuals, which include arrangements that subject those majority owners to control of a board or any agreements with disproportionate or exploitative termination fees.

COMMENT #5: In response to 19 CSR 100-1.190(1)(F), Zach Becker, James Thornton, Brendan Fahey, Samuel Henderson, Chris Chesley, Daphne Cook, Jim Thomas, Bryce, Nick Hall, Cal, Thane Kifer, Scott Wootton, Samantha Blum, David Brodsky, Denise McCracken, and Dan Nelson expressed concern that the definition of majority owned and operated only applies at the time of application. This lack of clarity creates confusion for what is required for ownership and operation after a license is awarded. The lack of clear definition of majority owned and operated post-licensure could affect access to capital. RESPONSE AND EXPLANATION OF CHANGE: The phrases "at the time of licensure" and "at licensure" were removed from the definition of majority owned and operated in 19 CSR 100-1.190(1)(F), and a clarifying sentence stating, "Microbusiness licenses must at all times be majority owned and operated by eligible individuals" was added to 19 CSR 100-1.190(1)(A).

COMMENT #6: Zach Becker, James Thornton, Samuel Henderson, Dennis Scanlan, Jim Mondl, Andrew Mullins, Jim Thomas, Bryce, Nick Hall, Cal, Thane Kifer, Scott Wootton, and David Brodsky expressed concern that the definition of majority owned and operated in 19 CSR 100-1.190(1)(F) prevents any non-qualifying owner from having any operational control in a microbusiness license. RESPONSE AND EXPLANATION OF CHANGE: Language was added to 19 CSR 100-1.190(1)(F) clarifying that eligible individuals must have more than fifty percent (50%) of the power to order or direct the management, managers, and policies of the license, enter and exit agreements on behalf of the license, and otherwise make decisions for the license.

COMMENT #7: James Thornton, Samuel Henderson, Chris Chesley, Jim Thomas, Wendy Bronfein, Nick Hall, Cal, and David Brodsky requested more clarity on what constitutes diminishing control in the definition of majority owned and operated in 19 CSR 100-1.190(1)(F). RESPONSE AND EXPLANATION OF CHANGE: The word "unduly" was added to modify the concept of diminishing control in 19 CSR 100-1.190(1)(F). This clarification is sufficient when paired with the list of examples of agreements that would unduly diminish the controlling interests of eligible individuals, which include arrangements that subject those majority owners to control of a board or any agreements with disproportionate or exploitative termination fees.

COMMENT #8: Thane Kifer, Scott Wootton, Chris Chesley, and Dan Nelson expressed support of the department's effort to prevent certain pre-lottery agreements in 19 CSR 100-1.190(1)(F). RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #9: James Thornton, Bryce, Jim Mondl, David Brodsky, and Scott Wootton expressed support for the majority of rule changes in 19 CSR 100-1.190. RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #10: James Thornton supports the department's goal of prohibiting predatory practices through its changes to 19 CSR 100-1.190. RESPONSE: No changes have been made to the rule as a result

of this comment.

COMMENT #11: In response to 19 CSR 100-1.190(1)(F), Brendan Fahey expressed concern about succession planning, specifically the concept that the initial licensee may have to sell at a reduced price due to the limited number of eligible buyers. He suggests a possible solution to this concern would be adding a clause that requires licenses to be majority owned and operated by eligible individuals for only three (3) years after receiving approval to operate.

RESPONSE AND EXPLANATION OF CHANGE: Article XIV, section 2.4(13), requires the department to certify that previous microbusiness licenses were awarded to and are being operated by eligible applicants in good standing. Article XIV, section 2.4(14), requires the department to provide annual reports regarding compliance with microbusiness applicant criteria. There is no provision in Article XIV indicating the eligibility requirements for microbusinesses and the department's responsibility to confirm those requirements are met should ever expire. To clarify this expectation, 19 CSR 100-1.190(1)(A) was amended to add, "Microbusiness licenses must at all times be majority owned and operated by eligible individuals."

COMMENT #12: Dennis Scanlan expressed concerns that every limitation on ownership in 19 CSR 100-1.190(1)(F) limits a licensee's ability to attract qualified investors and consultants who will be willing to invest capital or time in the microbusiness venture, which, in turn, will negatively impact the licensee from being able to achieve success in the microbusiness community.

RESPONSE AND EXPLANATION OF CHANGE: The word "unduly" was added to the last sentence of the definition of majority owned and operated in 19 CSR 100-1.190(1)(F) to modify the phrase "diminish the controlling interests of the eligible individuals...." This clarification is sufficient when paired with the list of examples of agreements that would unduly diminish the controlling interests of eligible individuals, which include arrangements that subject those majority owners to control of a board or any agreements with disproportionate or exploitative termination fees. It is the constitution that sets the requirement that these licenses be majority owned and operated by eligible individuals.

COMMENT #13: Dennis Scanlan, Samantha Blum, David Brodsky, and Chris Chesley expressed appreciation that the department sought public input for multiple drafts of rule 19 CSR 100-1.190 and noted that the proposed rule amendments provide overall clarity for microbusiness licenses.

RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #14: In response to 19 CSR 100-1.190(1)(A)4., Andrew Mullins requested that the rule distinguish between final denials and revocations that are not subject to review and those that are being challenged through the appeal process.

RESPONSE AND EXPLANATION OF CHANGE: The proposed change would conflict with normal department processes for every other denial or revocation as well as the established legal framework in Article XIV that denials and revocations are appealable but, absent a stay order, are effective for the duration of an appeal. However, 19 CSR 100-1.190(1)(A)4. was removed in response to other concerns.

COMMENT #15: Luke Colyer requested clarification on what constitutes majority in 19 CSR 100-1.190(1)(F), suggesting it

should be clearly identified as fifty percent (50%) or more of both membership interest and voting power.

RESPONSE AND EXPLANATION OF CHANGE: Language was added to 19 CSR 100-1.190(1)(F) to clarify that the fifty percent (50%) threshold applies to both voting power and the power to order or direct the management, managers, and policies of the license, enter into and exit agreements on behalf of the license, and otherwise make decisions for the license.

COMMENT #16: Luke Colyer suggested that the prohibition in 19 CSR 100-1.190(1)(A)4. kills competition and requests a warning or a fine rather than a prohibition from participation.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.190(1)(A)4. was removed.

COMMENT #17: Wendy Bronfein supports the proposed definition of majority owned and operated in 19 CSR 100-1.190(1)(F), but suggests that as drafted it is likely to create unworkable compliance barriers. She suggests that rules that overcorrect to stop "bad actors" can inadvertently undermine the core outcome of awarded microbusiness licenses becoming open, compliant, and functioning businesses. Specifically, she stated that the authority to enter into and exit agreements on behalf of the license is often allocated through means that are designed for compliance rather than exploitation. She also suggests that banning arrangements that "subject majority owners to control of a board" is overly broad. Finally, she suggests that the phrase "cannot be subject to conditions that diminish controlling interests" is vague and invites inconsistent enforcement. She suggests four (4) possible solutions to these concerns: 1. Focus on majority equity and ultimate decision authority, not day-to-day mechanics; 2. Allow boards and investor rights but ban predatory terms; 3. Regulate "control" using clear tests; or 4. Use enforcement tools instead of preventive overreach.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.190(1)(F) has been revised to clarify that eligible individuals must have more than fifty percent (50%) of the power to order or direct the management, managers, and policies of the license, enter and exit agreements on behalf of the license, and otherwise make decisions for the license. Additionally, the word "unduly" was added to modify the concept of diminished controlling interests of the eligible individuals. This clarification is sufficient when paired with the list of examples of agreements that would unduly diminish the controlling interests of eligible individuals, which include arrangements that subject those majority owners to control of a board or any agreements with disproportionate or exploitative termination fees.

COMMENT #18: Alexis raises three (3) general concerns, suggesting that the regulations are too restrictive yet do not slow down monopolistic behavior. Alexis states the three (3) problems that need real attention are reciprocal spend, inversion, and the potential monopoly of a licensee group.

RESPONSE: This rule is not the appropriate location to address the issues raised in this comment, as the concerns span beyond just microbusinesses and are unrelated to the amendment being made. No changes to the rule have been made as a result of this comment.

COMMENT #19: John Payne suggests that 19 CSR 100-1.190(1)(A)4. is overly broad and could prohibit ownership by parties who were not involved in any non-compliant behavior. The terms "agents" and "representatives" could apply to people who have no control or perhaps even knowledge of the managerial

decisions of the licensed entity. He recommends addressing the problem by striking “agents” and “representatives” in favor of “facility-wide managers” and “board members.”

RESPONSE AND EXPLANATION OF CHANGE: To the extent the language as drafted extends consequences for noncompliance to individuals not responsible for that noncompliance, the department recognizes that concern. 19 CSR 100-1.190(1)(A)4. was removed.

COMMENT #20: Denise McCracken requests that the provision in 19 CSR 100-1.190(1)(A)4. be struck in its entirety because it penalizes an overly broad and ambiguous category of people based on a presumption of categorical non-compliance with an ambiguous subset of Article XIV or DCR regulations and no evidence of individual culpability. Any prohibition should require the same explicit standard for both microbusiness and comprehensive licensees, so a prohibitive regulation should be moved to 19 CSR 100-1.060, which is concurrently open, so that it applies to all facilities.

RESPONSE AND EXPLANATION OF CHANGE: To the extent the language as drafted extends consequences for noncompliance to individuals not responsible for that noncompliance, the department recognizes that concern. 19 CSR 100-1.190(1)(A)4. was removed. The department will work with stakeholders in future amendments to ensure consequences for noncompliance apply equally, where applicable, to all license types.

COMMENT #21: Denise McCracken notes that the definition of majority owned and operated in 19 CSR 100-1.190(1)(F) is inconsistent with 19 CSR 100-1.060(3)(F)4., because the definition specifies only at time of licensure while the attestation in 19 CSR 100-1.060 suggests an ongoing requirement.

RESPONSE AND EXPLANATION OF CHANGE: The limitations of “at the time of licensure” and “at licensure” were removed from the definition of majority owned and operated in 19 CSR 100-1.190(1)(F).

COMMENT #22: David Brodsky requests that 19 CSR 100-1.100(2)(C) and 19 CSR 100-1.100(3)(B) be revised in light of the changes proposed to this rule.

RESPONSE: No amendment to 19 CSR 100-1.100 has been filed at this time. No changes have been made to the rule as a result of this comment.

COMMENT #23: Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, and Eric Foster appreciate the department’s effort to seek input on rule amendments and appreciate that the department incorporated feedback from stakeholders, specifically with the inclusion of technical assistance requirements and protections against predatory practices in 19 CSR 100-1.190(1)(A)4., (1)(F), (1)(G), and (1)(H). They state this shows the department’s commitment to ensuring eligible individuals have meaningful ownership and operational control while receiving the education, business guidance, and operational support necessary for long-term success.

RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #24: Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, and Eric Foster recommend that proposed rule 19 CSR 100-1.190(1)(A)4. explicitly recognize that denials or revocations resulting from predatory agreements, administrative errors, or

circumstances beyond the eligible individual’s control should not automatically trigger restriction.

RESPONSE AND EXPLANATION OF CHANGE: To the extent the language as drafted extends consequences for noncompliance to individuals not responsible for that noncompliance, the department recognizes that concern. 19 CSR 100-1.190(1)(A)4. was removed.

COMMENT #25: Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, and Eric Foster recommend clarifying in 19 CSR 100-1.190(1)(F) that eligible individuals must retain practical authority to manage day-to-day operations, enter into or terminate agreements, and make operational and financial decisions without interference from non-eligible parties, including arrangements that impose disproportionate termination fees or diminish controlling interests.

RESPONSE AND EXPLANATION OF CHANGE: Changes have been made to 19 CSR 100-1.190(1)(F) to clarify that eligible individuals with majority ownership must collectively both hold more than fifty percent (50%) of voting power and have more than fifty percent (50%) of the power to order or direct management, managers, and policies of the license, etc. Limitations to the time of licensure were removed, and language was added to clarify that majority ownership cannot be subject to conditions that unduly diminish the controlling interests of the eligible individuals.

COMMENT #26: Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, and Eric Foster request that the pre-application technical assistance program in 19 CSR 100-1.190(1)(G) ensure that applicants understand ownership responsibilities, regulatory requirements, and potential predatory practices. They also suggest the department establish a Missouri Microbusiness Development Fund to provide grants, loans, and operational support to microbusinesses.

RESPONSE: The goal of the pre-application training specified in rule is to ensure that applicants understand ownership responsibilities, regulatory requirements, and potential predatory practices, as discussed in 19 CSR 100-1.190(1)(G)1.A., B., and D. The request for a Missouri Microbusiness Development Fund is beyond the scope of these rule amendments and cannot be added at this time. The department will consider this for future rulemaking.

COMMENT #27: Reann Hines, Mike Lomuto, Toni Forge, Colleen Mairead Hughes, Mark Slaugh, Shansan Chambers, and Eric Foster request that the post-award technical assistance program in 19 CSR 100-1.190(1)(H) support ongoing operational control and business management by including guidance on entrepreneurship and financial management. Post-award training should be provided at no cost, and an increase in application fees could be used, in part, to fund technical assistance programs.

RESPONSE: The post-award training as written in rule is subject to change as determined by the department. Therefore, guidance on entrepreneurship and financial management may be included in the post-award training without need to further amend the rule. The department does not anticipate any costs associated with the post-award training. No changes have been made to the rule as a result of this comment.

COMMENT #28: In response to 19 CSR 100-1.190(1)(F), Zach Becker, James Thornton, Brendan Fahey, Samuel Henderson, Chris Chesley, Daphne Cook, Jim Thomas, Bryce, Nick Hall, Cal,

Thane Kifer, Scott Wootton, Samantha Blum, David Brodsky, Denise McCracken, and Dan Nelson expressed concern that the definition of majority owned and operated prevents ownership exit or succession plans.

RESPONSE AND EXPLANATION OF CHANGE: Language was added to 19 CSR 100-1.190(1)(C) to address inheritance and succession plans for family members of the eligible individuals.

COMMENT #29: The Joint Committee on Administrative Rules suggested removing 19 CSR 100-1.190(1)(A)3., requiring the designated contact to be an eligible individual.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.190(1)(A)3. was removed so that the requirement only applies at the time of application, which allows for efficient and effective verification that the license is owned and operated by eligible individuals.

COMMENT #30: The Joint Committee on Administrative Rules suggested either removing 19 CSR 100-1.190(1)(A)4. entirely or revising the language to allow for denial of an application if any owner or individual with a voting or ownership interest in that microbusiness has, after the effective date of the rule, committed a violation of this chapter or Article XIV which has been fully adjudicated and which led to the previous license associated with that individual being denied, revoked, or otherwise limited.

RESPONSE AND EXPLANATION OF CHANGE: 19 CSR 100-1.190(1)(A)4. was removed. The department will work with stakeholders in future amendments to better address the concern this provision was attempting to address.

COMMENT #31: The Joint Committee on Administrative Rules suggested deleting the phrase “predatory business practices” in 19 CSR 100-1.190(1)(G)1.A. and 19 CSR 100-1.190(1)(H)1.A. and replacing with “unconscionable business practices,” as “unconscionable” is defined in law.

RESPONSE AND EXPLANATION OF CHANGE: The proposed changes were made to 19 CSR 100-1.190(1)(G)1.A. and 19 CSR 100-1.190(1)(H)1.A.

19 CSR 100-1.190 Microbusinesses

(I) Criteria to apply for, own, and operate a microbusiness license.

(A) Entities must obtain a license to cultivate, manufacture, and dispense marijuana product in Missouri as a marijuana microbusiness. Application requirements are outlined in the application section of this chapter.

1. An entity may apply for and obtain only one (1) license to operate a microbusiness facility, which may be either a microbusiness dispensary facility or a microbusiness wholesale facility. If an entity, which includes an individual, holds an ownership interest in more than one (1) microbusiness license applicant in the same microbusiness application period, all microbusiness applications where the entity holds an ownership interest will be denied.

2. An entity may be an owner of only one (1) license to operate a microbusiness facility, which may be either a microbusiness dispensary facility or a microbusiness wholesale facility.

(C) Once an individual is deemed eligible for qualifying majority ownership of a licensed microbusiness facility under this rule, such eligibility shall be perpetual and unaffected by subsequent change in circumstances. The eligibility status will extend to the eligible individual’s descendants, spouse, siblings, or other relations approved by the department

in the event that ownership in microbusiness facility is transferred by the eligible individual through will, trust, non-probate transfer, gift, or other estate planning instrument. An individual may subsequently be deemed ineligible if the individual provided false or misleading information or is in violation of other provisions in this chapter affecting owner status.

(F) “Majority owned and operated” means the eligible individuals having majority ownership must also collectively hold more than fifty percent (50%) of voting power in the licensed entity and have more than fifty percent (50%) of the power to order or direct the management, managers, and policies of the license, enter into and exit agreements on behalf of the license, and otherwise make decisions for the license. Majority ownership cannot be subject to conditions that unduly diminish the controlling interests of the eligible individuals that constitute majority ownership, such as arrangements that subject those majority owners to control of a board or any agreements with disproportionate or exploitative termination fees.

(G) Pre-application technical assistance program.

1. At least one (1) eligible individual who is contributing to majority ownership shall complete pre-application training, as specified by the department, which shall include, at a minimum –

- A. Unconscionable business practices;
- B. Expectations for owning and operating a microbusiness;
- C. Funding and investment options; and
- D. Rule compliance expectations.

(H) Post-award technical assistance program.

1. All eligible individuals contributing to majority ownership shall complete post-award training within three (3) months of licensure or of becoming an individual contributing to majority ownership, as specified by the department, which may include –

- A. Unconscionable business practices;
- B. Expectations for owning and operating a microbusiness;
- C. Funding and investment options; and
- D. Rule compliance expectations.

2. Certificates of completion of mandatory training must be provided to the department when that training is completed.

3. Eligible applicants, eligible individuals, and licensees shall not enter into new final executed agreements that remove operational control from eligible individuals listed in the application or that would effectuate future automatic transfer of ownership until after successful completion of eligibility verification and mandatory post-award training, and if otherwise permitted.

The Secretary of State is required by sections 347.141 and 359.481, RSMo, to publish dissolutions of limited liability companies and limited partnerships. The content requirements for the one-time publishing of these notices are prescribed by statute. This listing is published pursuant to these statutes. Rulemaking Classes

Are you new to rulemaking or in need of a refresher course to assist you in filing rules or understanding the rulemaking process?

The Administrative Rules Division offers group and individual classes for rule drafting and preparation of rule packets. Please call Curtis at (573) 751-2022 or email curtis.treat@sos.mo.gov to schedule a class.

We offer both in-person and virtual classes.
